RE: GoDurham DBE Goal FFY 2017-2019

In accordance with the requirements of 49 CFR Part 26, this letter and the attached documents shall serve as notification of GoDurham (formerly Durham Area Transit Authority) Disadvantaged Business Enterprise (DBE) goal for the federal fiscal years 2017-2019 (October 1, 2016– September 30, 2018). GoDurham has established a **proposed DBE goal as 8%, to be attained through race-neutral methods.**

GoDurham approved the goal of 8% on June 1, 2016. DATA published the proposed DBE goal for FFY 2017-2019 beginning on June 13, in *Passenger Transport, the Magazine, the Durham HeraldSun Newspaper* and will also be included in all proposal advertising involving GoDurham's projects. Documentation for the goal was available for review through June 29, 2016, and public comments were accepted on the goal through that date. However no public comments were received.

The attached documents include: an overview of the methodology used to establish the goal and a summary of the data used in the calculations, a copy of the notice to the public regarding the publication of our goal, and letters to surrounding business's and DBE supporters. DATA's staff developed the goal consistent with the requirements of 49 CFR 26.45.

If you should have any questions or need further information, please contact me at: 919.560.1535x36214.

GoDurham (Formerly Durham Area Transit Authority)
DBE GOAL FY 2017-2019
METHODOLOGY

Step 1: Determine the value of federally assisted contracts for FY 16

- Reviewed approved GoDurham budget line items and discussed projected contracting values with Project and Department Managers, Administration and DBE Director.
- Identified \$2,054,531.10 as total value of expected federally assisted contracts in FY2016. We do not currently have information for FY17 and FY18 but anticipate similar contracting opportunities for those years. Therefore, our goal **for FY 17 of 8% will also stand for FY 18 and FY 19.**

Step 2 : Calculate Base Number of DBE Firms

- Reviewed DBE directory, found through the NDCOTDBE Vendor List (Connect NCDOT.gov/business/vendordirectory).
- Found 1,017 total DBE firms in North Carolina in the State of North Carolina and, removed listings that do not correspond to contracting opportunities, as well as listings not in division 5 (Durham county's division)

NAICS	NAICS Classification	Projected Contract Amount	% of Total Funds
238150	Glass & Glazing Contractors	40,474	1.97%
238220	Plumbing, Heating & AC	49,309	2.4%
441310	Automotive Parts & Acc.	1,293,533	62.96%
441320	Tire dealers	256,405	12.48%
453210	Office Supplies	51,363	2.5%
517210	Wireless Telecommunication	92,659	4.51%

561730	Landscaping Services	22,600	1.1%
		\$ 2,045,901	

- Reviewed the U.S. Bureau of Census County Business Patterns (2012) and found the total number of firms that are in North Carolina which correspond to the available contracting opportunities through NAICS Code; removed all firms not in the local area

NC DOT DBE Vendors List

NAICS CODE	# FIRMS (DBE)	# FIRMS TOTAL	RELATIVE AVAILABILITY
238150	0	0	0%

541519	2	8	25%
238110	11	16	68.8%
561730	11	20	55%

Step 3: Weight the base figure

- Multiplied the relative availability of DBE firms by the percentage of the overall budget from last year's DBE methodology.

NAICS CODE	RELATIVE AVAIL.	% OF TOTAL FUNDS	TOTAL
238150	0%	x 1.97%	0%
238220	75%	x 2.4%	1.8%

518210	66.7%	x 4.19%	2.8%
541320	31.6%	x 3.2%	1%
541519	25%	x 2.39%	.6%
238110	68.8%	x 1.88%	1.3%
561730	55%	x 1.1%	.6%

Added up the total for each NAICS code:

- The total weighted base figure for DBE availability is 8.1%.

ADJUSTMENT TO BASE FIGURE

As specified in the federal regulations codified in 49 CFR Section 26.45 once the relative availability of ready willing and able DBE's in our marketplace has been determined, it was necessary to examine additional evidence and if appropriate make adjustments to the base to ensure that the goal accurately reflects the level of DBE participation we would expect absent the effects of discrimination.

- There is no evidence to suggest that there is a lessened nor increased capacity of DBEs to perform work, nor has there any disparity studies done in our area that would have any bearing on our goal. Consequently, GoDurham has decided not to adjust its base figure upward and believe the 8% figure would be a good representation of our targeted DBE goal for the next three years.

RACE-NEUTRAL VS RACE -CONSCIOUS

Based on our analysis above we believe that contracting opportunities for the next three years would be very similar to the last the experience of the last few years. Therefore our goal is appropriate and attainable through **race-neutral** method.

GoDurham intends to make contracting opportunities attractive to DBE;s by offering technical assistance in completing bids, marketing bid opportunities to DBE's making RFPs more attractive, simplifying bonding and insurance requirements and distributing DBE directories to prime contractors.

RE: Notice of Proposed DBE Utilization Goal

Dear Deborah,

As part of GoDurham's public outreach requirement for DBE firms, and in accordance with the requirements of 49 CFR Part 26, as a federal funding recipient, GoDurham must establish a Disadvantaged Business Enterprise (DBE) three-year participation goal based on demonstrable evidence of the availability of ready, willing and able DBE firms. The Goal setting process must include consultation with Departments such as the City's EOEA, and also with minority women's and general contractor's groups that could have information concerning the availability of DBEs. DATA is recommending a proposed overall DBE goal for Federal Fiscal Year 2016-2019 (October 1, 2016 - September 2018) of 8%.

All vendors or firms wanting to be listed as DBEs with GoDurham should contact GoDurham staff at 560-1535 x36214. DATA staff would be happy to assist all such firms through the DBE registration process with the State of North Carolina.

If you should have any additional questions or need further information, please do not hesitate to contact Pierre Owusu at 560-1535 x36214.
